- Bosnia and Herzegovina: -
- Croatia:
 - Port of Zadar and RW line Knin - Zadar
 - Port of Vukovar
- fYR Macedonia:
 - Route: Veles – Delcevo – Bulgaria
 - Route: Podmolje – Ohrid - Bitola

(2) Proposals:

- Montenegro:
 - Comment on the procedure
- Serbia:
 - Comment on the procedure
 - Route: Cacak – Kraljevo – Krusevac – Pojate
- UNMIK/Kosovo:
 - Route: Pristina – Pec/Peje - Montenegro

Croatia

**1. Port of Zadar
and RW line Knin
– Zadar**

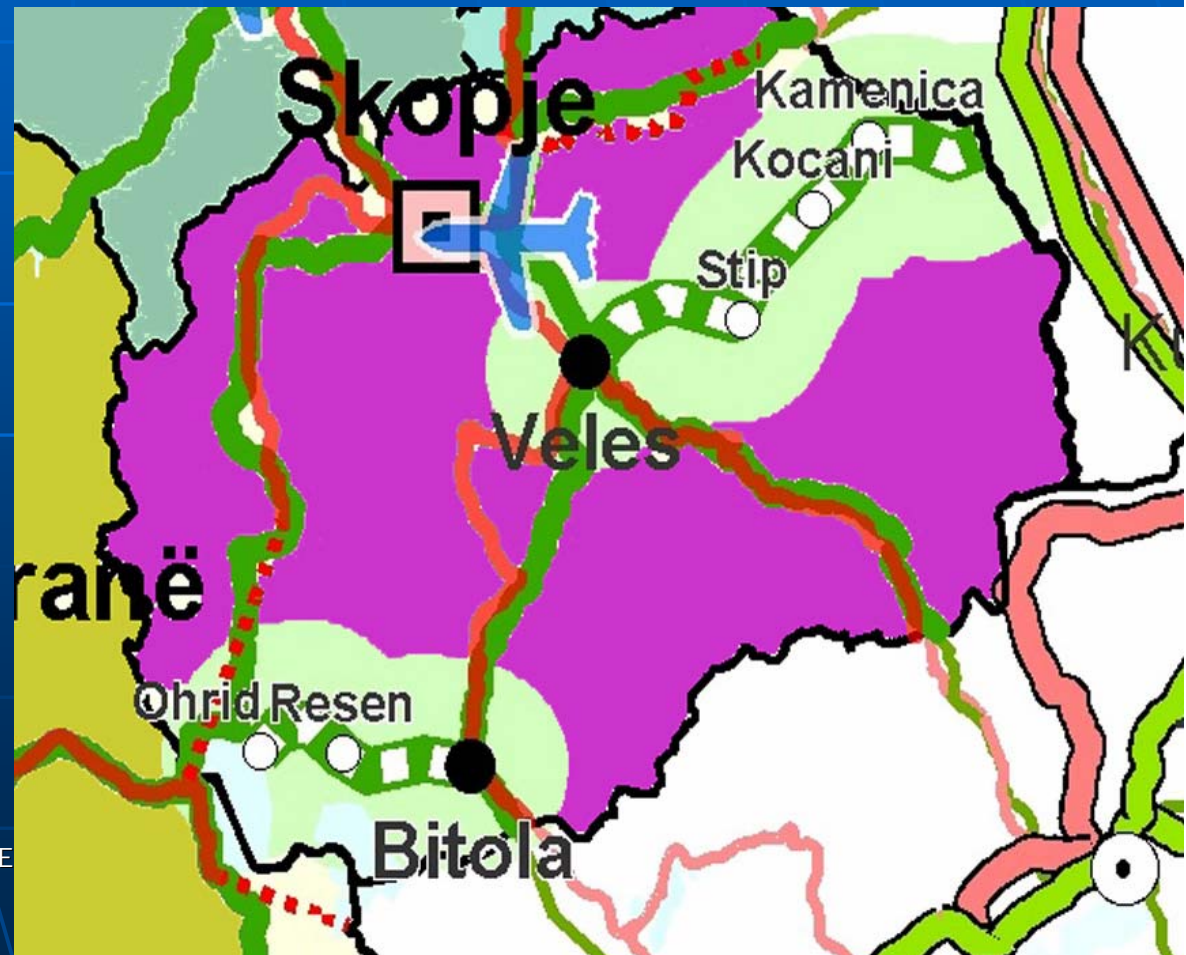

2. Port of Vukovar

fYR Macedonia

Accepted the working document "Modification of the Core Regional Transport Network" proposed on 11th SC

**1. Route: Veles
– Delcevo –
Bulgaria**

**2. Route:
Podmolje –
Ohrid - Bitola**

Montenegro

1. Proposed to include *new Category of Types of modification of the Core Network Category* : Major Deviation in a route alignment but keeping the initial and final nodes of the route/link

Serbia

Fully agreed with proposed principles and criteria for Core Network modification.

As regards to proposed types of modification Serbian opinion is that description of proposed three categories should be revisited and amended:

- **- It's not clearly stated if the first category refers on existing Core Network or on new corridors and nodes which are not included in the CN and what kind of documents for modification should be submitted**
- **- In category 3 modification it's not clearly stated what kind of procedures for modification should be accomplished**
- **- According to proposed categories of modification it's not clear what kind of procedures for introduction of new corridors and nodes in CN should be accomplished.**

Serbia

- **Route: Cacak – Kraljevo – Krusevac – Pojate**

SEETO
