

SEETO Action Plan 2011

26th Steering Committee Meeting
13 October 2010, Zagreb

Mr. Nenad Nikolic, acting General Manager

From objective to results

SEETO objective

The overall SEETO objective is to accelerate development of the multimodal South East Europe Core Regional Transport Network and to enhance SEE regional transport policies which facilitate such development.

SEETO specific objectives

- Monitor development of the Core Network and its performances;
- Improvement and harmonization of regional transport policies and technical standards for Core Network development;
- Maintain effective coordination and communication network for Core Network development;
- Integrate Core Network development in wider Trans European Network Framework.

SEETO 2011 Activities

<i>1. Monitoring of the Core Network development and its performance</i>	1.1 Collection and update of information about CN (performance, projects, indicators, etc)
	1.2 Maintenance of CN indicators data base and SEETIS application (in co-relation with 2.1)
	1.3 Preparation of traffic forecast models/bottleneck analysis
	1.4 Preparation and update of MAP Priority Project List
	1.5 Preparation and publishing of MAP 2012-16

SEETO 2011 Activities (II)

<p><i>2. Improvement and harmonisation of regional transport policies and technical standards for Core Network development</i></p>	2.1 Implementation of proposed soft measure Harmonisation of the transport data collection mechanism
	2.2 Implementation of training of RSA auditors project
	2.3. Overview and monitoring of the progress made in implementation of the RSA/RWR project recommendations
	2.5 Research of the most common existing non-physical barriers and development of Plan of activities for soft measures related to addressing the non-physical barriers
	2.6 Preparation of TAIEX workshops (TEN-T policy, data harmonisation)
	2.7 Cooperation with regional transport organisations and forums (Corridor secretariats, and Sava Commission, RCC, SECI...)

SEETO 2011 Activities (III)

3. Maintain effective coordination and communication network for Core Network development

3.1 Annual Meeting of Ministers 2011

3.2 Conference on financing the Core Network priority projects

3.2 Steering Committee meetings

3.3 National Coordinator meeting

3.4 In-house training for National Coordinators and key users for use of the updated SEETIS

3.4 Preparation and support to RW and RS WG meetings

3.5 Providing for SEETO sustainability and efficient functioning

3.6 Publishing of SEETO activities

SEETO 2011 Activities (IV)

<i>4. Integrate Core Network development in wider Trans European Network Framework</i>	4.1 Enable compatibility of SEETO information system with EU system
	4.2 Participation in the consultation process of TEN-T Policy Revision, to TEN-T meetings and to other meetings (IFIAG, EU bodies, IPA Multi-beneficiary programme of EC, WBIF...)
	4.3 Participation in SEETAC

Thank you for your attention !
