

## RWG meeting SEETO 7-8 May 2015 in Podgorica

### 1) Freight Transport

Year 2014	338.000	ton
Year 2013	150.500	ton.

Therefore in the year 2014 we have had an increasing trend of freight transport accrued especially from operation of port of Durres (Albania).

### 2) Passengers Transport

Transport of passengers goes on operations at difficulties and it does not consist to have improvement of the current situation.

- 3) **Albanian Railways (HSH)** is currently attending the alignment process of Albanian Rail legislation as per the EU *acquis*.
- 4) **New rail draft-code** shall be ready in June 2015.  
It is to be forwarded to the Parliament of Albania.
- 5) In 15 April 2015 there was signed the contract for **detailed design of railway line** Durres-Public Transport Terminal of Tirana (PPT) and railway connection to Tirana International Airport (TIA) and financial and economic appraisal of overall Albanian Railway network. That project terminates in February 2016.

Thank you,

Albanian Railways S.A.
